Living the End of Life

Spring 2020 Volunteer Training

COURSE OBJECTIVES

The needs and problems of the dying patient and his or her family are diverse and complex. This course is designed to provide information and enhance skills that will enable you to provide the dying person and the family with the emotional, physical and spiritual support needed to meet those needs.

This course will help you if...

- You wish to do volunteer work with the terminally ill and their families
- You have a family member or friend who is terminally ill
- You wish to improve your "helping and caring" skills
- You work in a health-related field with the terminally ill

HOSPICE MISSION

The Mission of Augusta Health Hospice of the Shenandoah as a licensed hospice in the state of Virginia is to provide holistic care to patients and families with terminal medical conditions by having available a coordinated comprehensive scope of services that may include home care, respite care and bereavement. Dedicated volunteers are a very important component of this service.
