

General Prep Information

The Colon Clinic Nurse will contact scheduled patients to do a telephone health assessment and discuss prep options. The prep process is very important, and we must utilize the preparation that will be safest for you and provide your physician with the best possible examination.

If your procedure is scheduled less than 1 week away and you have not yet heard from the Colon Clinic Nurse, or if you have other questions, please contact our nurse at (540)332-5282.
