

Winter Storm Resource Preparation for Mothers and Babies

We're sharing the resources below to help our mothers learn more about caring for their babies and keeping them safe in cold weather.

This 2-sided PDF explains the most important preparations for continuing to safely feed infants and young children in case of a loss of power or water. Scan QR code for resource. Or click the link below.

- [Planning Ahead for Winter Weather with Infants and Young Children \[safeinfantfeeding.org\]](https://safeinfantfeeding.org)

This is a brief list of considerations for people supporting families with young children to think about in addition to the tips in the Planning Ahead handout. Scan QR code for resource. Or click the link below.

- [Considerations for Those Supporting Families \[safeinfantfeeding.org\]](https://safeinfantfeeding.org)

Winter Storm Prep for Babies. These files contain meme versions of most of the information in the "Planning Ahead" PDF. Scan QR code for resource.
